PRODUCT SPECIFICATION

HDPE Bird net is a versatile and effective solution for deterring birds from unwanted areas. this netting is a strong, weather-resistant that can withstand harsh sun, rain, and wind. Despite its strength, HDPE netting is surprisingly lightweight. This makes it easy to handle and install.

Monofilament	Denier	(g/9,000 m)	Diameter (mm)	
	Target	Tolerance	Target	Tolerance
Main Body	525	± 5%	0.3	± 0.05 mm

Construction

Properties	Target	Tolerance
Mass	39 g / m ²	37 - 41 g / m ²

Properties	Standard	Specification
------------	----------	---------------

Tensile Strength

- MainBody Inhouse Method ≥ 30.00 kgf

Elongation

- MainBody Inhouse Method ≥ 30.00 kgf

Weathering Test

ASTM G-154 ≥ 5 Years

ISO 45001 : 2018

ISO 9001 : 2015

ISO 14001 : 2015
